Summary

As a B.Tech Computer Science student, I have developed a strong foundation in programming and web development. My expertise includes Python, NLP, and the MERN stack. I am actively seeking internship opportunities to apply AI concepts and contribute to scalable data-driven applications in a practical setting

Key Achievements

- **Optimized Grocery System**
Completed full-stack grocery system with 30% faster API calls.
- **Enhanced Task System**
Implemented task management platform with 95% user satisfaction rate.
- **Interactive Quiz Development**
Built quiz platform handling 500+ users concurrent evaluation.
- **Earned Salesforce AI**
Achieved AI Associate certification from Salesforce in 2023.

Education

KL University B.Tech in Computer Science Engineering	India 08/2023 - 05/2027
Accord School Secondary School Certificate (SSC)	India 05/2021 - 05/2023
KCP Siddhartha Adarsh Residential Public School 10th Class	India 05/2020 - 05/2021

Skills

MERN Stack • Python • NLP • Java • JavaScript • React

Projects

- Web and Application Projects**India
- Various projects showcasing web application development skills
- Built an interactive quiz platform with automated evaluation and structured question handling
 - Developed a task management system with future scope for NLP-based prioritization
 - Implemented authentication, seat selection, and booking workflows
 - Designed a full-stack grocery ordering system with optimized API performance
